Subject: Re: International cooperation

David,

We made an arrangement to pay you \$12,000 for labor under my grant. We also provided money for travel. That is all I agreed to. That is all I have. That figure was included in my grant with NASA. I am trying to find a way to get you back the money that you lost on the travel to Canberra.

I did not ask you to work beyond the \$12,000. Did you speak with someone else at NASA about this? Who?

Apparently you made an agreement to do some work for the Italians for 5000 euros. That was between you and the Italians.

If you would like to talk, we can do so.

Mike
